

## Forest Experimental Plots (Ter basin)

- + HOB0 sensors
- Inventory circular plots
- Experimental plots
  - + Control plot with no intervention.
  - + Three management strategies compared:
    - Treatment1 and Treatment 2, different understorey clearing intensities in Scots pine forests
    - Treatment 3, treatment to accelerate the replacement of Scots pine by oak

Elaboration: CREAM

Projection: ETRS89 UTM - Zone 31
